

U. S. Brig Niagara

1. Color it if you like. Then cut out all of the pieces around the thick black lines.
2. Fold the hull lengthwise along the three dotted lines, so it looks like a W.....like this.....

3. Glue or tape the front end of the hull, so it is pinched together like this...

Glue →

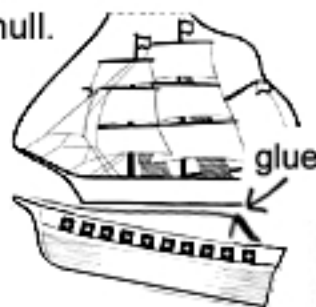

4. Fold the two stern tabs inwards and glue them to the sides of the ship.

5. Push down the central fold. The hull should look like this.....

6. Glue the left and right sides of the ship to the hull. The two sides will meet at the front.

7. Glue the bottom of the "sails and rigging" inside of the hull...

Now celebrate with Daniel Dobbins, Oliver Hazard Perry, and Noah Brown. Your United States Brig is complete!

Happy Holidays from the Erie Maritime Museum!
